

SUKI™ MANDARINS

Suntreat's Suki Mandarins are here and taking North America by storm. Suki which translates to "love" is just that, small in size, huge in sweetness; simple, pure love. Tree ripened, picked in small totes, packed by hand to ensure only the best for you and your customers. Its melt in your mouth juiciness will cause your customers to crave more and come back time and time again. Suki Mandarins continues our tradition of delivering innovative, California Craft Citrus.
